

Transformed by the Spirit Updates November 2015

What is TbyS?

"Transformed by the Spirit" is a movement to discern and engage in the story of God's redeeming presence for new life in the areas of personal faith, congregational mission, cross-congregational resourcing and the American Baptists' organizational culture. Together, since Transformed by the Spirit began in 2011, we have been asking: "*What challenges are we facing, for which we do not presently have an answer, but which must be addressed if we are to live into the future God has for us*"? Recently, the primary resources of TbyS (listed below) were updated to reflect changes called for the evaluation of these materials:

Personal Transformation – Rhythms of the Spirit

Community and Congregational Transformation – Joining God in the Neighborhood

Organizational Transformation – Adaptive Challenge Teams

Relational Transformation – Experiences in Difference

News from the Journey Team

The March meeting of the Journey Team primarily focused on clarifying and marketing the resources of Transformed by the Spirit. Goals in these areas for the coming year include:

- The development of a communications brochure
- The creation of a website landing page for all of the resources
- The addition of several online training resources
- The creation of a video success story
