

ABCUSA MATTHEW 25 GRANT APPLICATION - 2018

A generous donor has given a sum of money through American Baptist Churches USA Office of the General Secretary, to be used for programs that address "housing, feeding, education and health with regard to the less fortunate." A panel will select recipients for grants of up to \$5,000. Awards will be granted only to ministries of an American Baptist church in good standing with their Region. This is a change from previous grant cycles. We will no longer award grants to organizations affiliated with churches such as a cooperative group that includes non-ABC churches; applications must be submitted by an ABC church for work being done directly by that church.

Only one application per church will be considered within a 24-month period.

Grant funds may not be used to fund staff positions, rainy day funds, church benevolent funds, regular ongoing church operating expenses (i.e. utilities, insurance), repairs, or for capital improvements or repairs to facilities. Grant awards will be sent to the ABC church that is applying for the grant; checks will not be made payable to an individual or ministry.

To provide meals for a celebratory banquet for parents and family upon graduation from institute.

4. How will the funds assist individuals battling poverty and its effects? What impact do you hope to make on the target group or community?

"The purpose of the Parent Institute is to create opportunities for parents to cultivate necessary skills in order to become more involved in their childrens education. It has been proven there is a strong correlation between the lack of education and poverty. According to onah Edelman, PhD, co-founder and chief executive officer of Stand for Children, "Young children growing up in poverty face challenges with cognitive and literary ability and [often] begin school both academically and socioeconomically behind their peers from higher-income backgrounds."Despite the data, is has been shown that increased parental

involvement, particularly with low income children has been shown to increase student academic achievement with moderate and large effects. Therefore, the funds will assist in the alleviation of poverty by arming parents with the skills and confidence they need to advocate for their children at home and in educational settings.
