

## **Report of Special Director to International Ministries, Marijane Kiley**

I have enjoyed representing the BGM on the Board of International Ministries. This past year has been a time of learning about the board and the mission of the organization.

During our last board meeting we spent a good amount of time doing a board self-assessment and looking for ways for the board members to be more effective. We also discussed board development and how to approach new people who have an interest in missions to join the board.

We heard reports from committees concerning Board Development; World Relief; Mission Finance and Program and Personnel, which is the committee that I serve on.

The Program and Personnel committee has been evaluating the Personalized Support Model (PSM) and the Missions Partnership Teams (MPT). We are also looking for ways to effectively help missionaries and their families when they are on the mission field. This committee meets during our board meetings and several times in virtual meetings.

Again, thank you for allowing me to represent you on the Board of International Ministries.

Marijane Kiley
