ABC Interpreting the Impact of COVID-19
on Congregations Task Force Update

The Interpreting the Impact of Covid-19 on Congregations Task Force has continued their work together, most recently launching a brief survey to the lay and clergy leadership of ABCUSA Congregations. The major focus of the survey is to unearth the stories and learnings that have come out of the pandemic in an effort to understand how this pivotal event has altered the trajectory of ministry for the churches in our denominational family. Our hope is that the survey will open avenues of dialogue with leaders resulting in stories of hope and lament that we might then be able to capture through a series of podcast interviews to be shared with the wider family.
