

ABCUSA President's Report

Since we last met in November the primary work in which I have been engaged is chairing the General Secretary search committee. The search committee met in December and finalized the position description. The position description and application/nomination process was published on the ABCUSA website on January 17. Applications and nominations were received January 17-February 24. The search committee will meet March 22-24 to review the applications received and begin the process of scheduling interviews. We will continue to post updates on the ABCUSA website as appropriate.

We are grateful for your continued prayers.

Jim Wolfe
