Subject: Corporate Social Security Number

Good Afternoon, Alan.

I'm reaching out to you to see if there's a way that ABCUSA could help us by providing the corporate social security so that we can open a credit account. This will help us in the process of lodging and logistics for the Caucus treasurers. In these moments the account is using personal information from members and it complicates the process. We will gladly appreciate that you could help us in this situation or if there's another way let us know. In this email I will be copying Yarilis our treasurer. Blessings

Rev. Felipe Candelaria Cepeda

Caucus Nacional Hispano
