## **AMERICAN BAPTIST RESOLUTION ON THE VOTING RIGHTS ACT**

Congress adopted the Voting Rights Act in 1965 as a result of tremendous pressure brought by the civil rights movement. The act eliminates literacy tests, poll taxes, grandfather clauses and other devices used to disenfranchise Blacks and other minorities. In 1975, Congress added a provision that bilingual ballots be provided in areas heavily populated by minorities whose first language is not English. The Act applies to all fifty (50) states.

As American Baptists we declare the right to vote to be a basic human right, and we support programs and measures to assure this right.<sup>1</sup>

Therefore, in the light of the critical need for the Voting Rights Act and its proven effectiveness, the Board of National Ministries of the American Baptist Churches calls upon American Baptists individually and corporately:

1. To urge the Justice Department to strengthen and increase its enforcement of the Voting Rights Act; and,
2. To urge all states to bring their laws and practices into conformity with the Voting Rights Act.
