

# LENT CALENDAR

The calendar was adapted for ecumenical use by Creation Justice Ministries from the Presbyterian Hunger Program's Environmental Ministries and Enough for Everyone offices, drawing heavily on the 2018 version.

26

## ASH WEDNESDAY

Read Matthew 6: 16-21. Spend some time praying, meditating, or journaling about your decision to adopt Lenten practices that draw you closer to God, neighbor, and creation.

27

Grab a copy of your home energy bill, and calculate your carbon footprint at [www.epa.gov/carbon-footprint-calculator](http://www.epa.gov/carbon-footprint-calculator)

Take note of the activities that are the most carbon-intensive.

28

Laborers who harvest palms for Palm Sunday are often not paid a fair price, nor are they able to harvest sustainably. Learn more and encourage your faith community to order "Eco-Palms" before the order deadline: [www.ecopalms.org](http://www.ecopalms.org)

29

Finish Black History Month by reading about the roots of the environmental justice movement

[www.ucc.org/pollinator\\_a\\_case\\_for\\_the\\_mother\\_of\\_the\\_environmental\\_justice\\_movement](http://www.ucc.org/pollinator_a_case_for_the_mother_of_the_environmental_justice_movement)

# MARCH

01

If the world reduced meat consumption by 15% it would save the same greenhouse gas emissions as taking 240 million cars off the road each year. Consider planning for meatless Mondays during Lent. Learn more and get recipe ideas at [meatlessmonday.com](http://meatlessmonday.com)

02

Stay cozy and conserve energy by checking your windows and doors for air leakage. Make a plan to caulk and weather-strip as needed. (These do need maintenance over time!)

03

The average adult receives 41 pounds of junk mail annually. This requires 53 million trees and 56 billion gallons of water to produce. Visit [www.dmachoice.org](http://www.dmachoice.org) to help stop unwanted junk mail. Call one or two companies to unsubscribe from their mailings or catalogs.

04

Save energy and add some beneficial humidity to your house by air-drying your laundry.

05

Watch the “oldie but goodie” 14-minute video “God’s Creation and Global Warming” at [www.creationjustice.org/videos](http://www.creationjustice.org/videos)

06

Consider making a plan with others at church for an Earth Day Sunday celebration, on April 27. (Earth Day is April 22). Resources available at [www.creationjustice.org/earth-day-Sunday](http://www.creationjustice.org/earth-day-Sunday)

07

Write a note to a child in your life who inspires you to sustain God’s creation for future generations.

# MARCH

08

Watch a nature documentary. Planet Earth and Earth's Natural Wonders are good options. Marvel at the miracle of God's creation.

09

The average person spends 87% of their time indoors, and another 6% of their time inside a vehicle. Consider adopting a new spiritual practice that makes you more attuned to God's creation. Find ideas at [www.centerforspiritualityinnature.org/practices](http://www.centerforspiritualityinnature.org/practices)

10

Carve out time for some garden-planning. Is it possible to cut back on or eliminate pesticide use this year? What role could native and pollinator-friendly plants play in your landscape? Write down one planned action you will take to honor God's creation with your garden in the spring. Find ideas from the US Forest Service at [www.fs.fed.us/wildflowers/Native\\_Plant\\_Materials](http://www.fs.fed.us/wildflowers/Native_Plant_Materials) & [www.fs.fed.us/wildflowers/pollinators/](http://www.fs.fed.us/wildflowers/pollinators/)

11

Watch the "Story of Stuff" online video at [www.storyofstuff.org](http://www.storyofstuff.org)

12

Try not to add any items to the landfill today. Use real cups, cloth napkins, reusable bags for groceries, and reusable water bottles.

13

If you don't already have one, consider ordering a copy of The Green Bible. All passages related to care and justice for God's creation are in green print. It is available online.

14

Are there "energy vampires" in your home which you can unplug to make a difference? Check [www.smartenergy.com/energy-vampire](http://www.smartenergy.com/energy-vampire) for ideas. Then, try out a practice of observing the Sabbath by unplugging your electronics and yourself! Relish simple pleasures.

# MARCH

15

Try a “water fast” by turning off water while brushing your teeth, and flushing your toilet half as often. Around the world, many people have access only to the amount of water each day that Americans use in one toilet flush.

16

Take note of how your church’s coffee hour is run. Look for opportunities to become more sustainable, such as eliminating Styrofoam, using china instead of paper cups, or buying from local vendors.

17

Do you know what watershed you live in? Find out, explore, and consider connecting with a local watershed stewardship organization:  
  
[watersgeo.epa.gov/mywaterway/rlist.html](http://watersgeo.epa.gov/mywaterway/rlist.html)

18

For Easter baskets, consider buying Fair Trade chocolate, dried fruit, tea and coffee or small gifts made by fair trade cooperatives.

[www.equalexchange.coop](http://www.equalexchange.coop)

19

Refugee displacement and hunger relate to damage to God’s creation. Spend some time reflecting on how issues of care for God’s creation relate to your faith community’s anti-hunger, peacemaking, and refugee resettlement ministries.

20

Learn where your food comes from. Explore the Christian food movement to learn how Christians across the country are making a difference through food:  
  
[www.christianfoodmovement.org](http://www.christianfoodmovement.org)

21

Say a prayer for God’s threatened and endangered creatures. Check out our Endangered Species resource:  
  
[www.creationjustice.org/endangered.html](http://www.creationjustice.org/endangered.html)

# MARCH

22

It's World Water Day. Observed annually, today we recognize how people around the world are affected by water issues:

[www.un.org/en/events/waterday](http://www.un.org/en/events/waterday)

23

Give up two degrees: for every degree the thermostat is below 68 in the winter or above 78 in the summer there's a 3-5% savings in energy use and cost.

24

Many of the actions necessary to care for God's creation require coordinated, collective action. Often, government is the best instrument for such action. Check to make sure your voter registration is current, and prepare to vote in every election. Find information at [www.vote411.org](http://www.vote411.org)

25

Lower the temperature of your water heater to 120 degrees.

26

Check the light bulbs in your house. Are they the most efficient possible? Energy savings from LED light bulbs pay off quickly for God's creation and your energy bill.

27

Begin the process of thinking through how to give away unneeded clothes, bakeware, and other goods to people who could use them, and rethink, reuse, and recycle other items. Learn more at [www.earth911.com](http://www.earth911.com)

28

We can see through the biodiversity of all God's creation that God loves diversity. God loves diversity among people, too. Yet, it is easy to only associate with people most like ourselves. Go out of your way to make contact with a person who differs from you by gender, race, nationality, creed, faith, economic resources, or lifestyle. Read Ephesians 2:11-22.

**Do not be afraid!  
Go out into God's  
good world,  
holding onto God's  
steadfast love and  
joyfully answering  
the call to be  
Christ's disciple.**

**Matthew 28:1-10**

# MARCH/APRIL

29

Check out Creation Justice Ministries' blog for all the great women we're honoring for Women's History Month!

[www.creationjustice.org/blog](http://www.creationjustice.org/blog)

30

Schedule a tune-up to set your car tire pressure to the recommended level for optimal gas mileage. Practice driving mindfully. Higher speeds (55 mph+) reduce fuel economy.

31

Remember your baptism today. What does it mean to you to be baptized? Spend some time praying or journaling about what happens to this sacrament when the world's waters become polluted and inaccessible

01

Happy Earth Month! Visit the Creation Justice Action Center for action ideas:

[www.creationjustice.org/action](http://www.creationjustice.org/action)

02

Visit [waterfootprint.org](http://waterfootprint.org) to learn more about water footprint. Say a prayer of gratitude every time you sip water today.

03

Nearly half of all food in the United States never gets eaten, while one in eight people in the U.S. suffer hunger. Spend some time problem-solving on reducing food waste at home and at church. Get ideas at

[www.epa.gov/sustainable-management-food](http://www.epa.gov/sustainable-management-food)

04

Choose a reusable water bottle and commit to using it instead of purchasing individual, disposable water bottles.

"For where your treasure is, there your heart will be also."

Matthew 6:21

# APRIL

05

## PALM SUNDAY

Plan or plant seeds for a garden, even a window garden, to support a local food system, and to remember hope and new life in Christ:

[almanac.com/content/beginners-vegetable-garden](http://almanac.com/content/beginners-vegetable-garden)

06

Read Psalm 31. As we think about Christ's journey this Holy Week, may we recognize the lament, grief, and despair of the world around us. Climate injustice, poverty, hunger, and human suffering seem insurmountable. May we pray and cry out to God, as Jesus taught us, trusting that God hears us.

07

To show love for our Creator, we respect and protect all of creation. Take a moment today to pick up trash off the street, or from a local stream or storm drain.

08

Read Duane Elgin's essay *Choosing a New Lifeway: Voluntary Simplicity*.

[www.duaneelgin.com/wp-content/uploads/2010/11/choosing\\_a\\_new\\_lifeway.pdf](http://www.duaneelgin.com/wp-content/uploads/2010/11/choosing_a_new_lifeway.pdf)

09

## HOLY THURSDAY

Burial rituals can help, rather than harm, God's creation. Learn about how to leave a sustainable legacy at [www.GreenBurialCouncil.org](http://www.GreenBurialCouncil.org).

Schedule a time to talk with a loved one regarding your feelings about this subject.

10

## GOOD FRIDAY

Read John 13:1-17, 31b-35. How does creation participate alongside humanity as Jesus institutes the Lord's Supper and washes the disciples' feet? How can we love one another—and God's whole world—as Christ has loved us? Write down your commitment to show love to a person or a part of God's creation today.

11

Read Hebrews 4:14-16. In confidence of God's presence and attention, may we confess all that we have done and failed to do, willing to be made new in Christ for a reconciled and reconciling world.

12

## EASTER SUNDAY

Choose one of the practices from this Lent that may be meaningful to you to adopt for the year ahead. Write down your choice, and share your commitment with a family member or friend.
