
ABCUSA Call to Prayer for Myanmar 2021

Prayer Request for Thailand and Myanmar Border Communities

1. Please pray Thailand opens its borders for new refugee and asylum seekers... given current situation in Myanmar there is no telling how many may arrive. They are pouring in, not en mass but some making their ways to border and are in need of shelter and food. Our fear is they may bring virus with them.
2. Unity of Karen factions at this junction.
3. Existing refugee camps should be given rights beyond camps... it is more than 35 years since the first wave of refugees came into Thai soil.
