Our Creator,

You are justice and loving God,  
In Burma, the military coup has seized power over the legitimate elected government. We pray  
for Burma.  
We pray for all the people in the Civil Disobedience Movement.  
We pray that the military coup overturns the power they have seized to the elected government.  
All around the world, people who seek justice and human rights are praying and protesting for  
the country.  
You are justice and loving God,  
Lord, hear our prayers.

In Jesus name we pray, Amen.
