Our most gracious heavenly Father, we lift-up to you the people of Myanmar. We plead to you the voices of crying and people’s suffering. Lord, we condemn the military regime. We need the leaders who know God to be protected and guide them in these uncertain times. We pray that the international communities need to respond robustly and to make it clear to the military that this action is unacceptable. We ask that you grant wisdom to the politicians to always look out for what is the best for their citizens. God, protect our brother and sisters, to those who involve and hold peaceful protests on the civil disobedience movement. Lord, comfort those who lost their family member in the protests. Let Myanmar people know your will. We ask in the name of our Lord Jesus Christ. Amen.
