
ABCUSA Call to Prayer for Myanmar 2021

Dear God,

I thank you for saving many of us from the tragedy of Myanmar and for giving us the opportunities to work for Myanmar again. However, I beseech you to pay your attention to the cries of our brothers and sisters in Myanmar. Please, help us to see your marvelous plan in the midst of this chaos.

I pray for freedom from fear. We, all the people of Myanmar, have been in the prison of fear for so long. The military junta have used their weapons to terrorize those who against their plans. They have been arresting hundreds of innocent civilians, torturing, and killing them just to grip the power and selfish ambition. Oh Lord, please, strengthen us to have freedom from the fear of power thirsty leaders.

I pray for freedom from hatred and violence. As the military regime crash the will of the people by using their weapons, there are so much hatred and revenge in the country. The regime government is also afraid of the people as they can dig their own graves if they lose their grip of power. As a result, we have experienced the fate of hatred and violence in the history of our country. Lord, please, change the mind of the military junta as you did in the life of Pharaoh. In addition, help all of us to have freedom from being the victims of hatred, fear, violence, and bloodshed again.

I pray for the power of love and forgiveness. As true love casts away fear, help us to serve and lead each other in love and forgiveness. As you have chosen love and forgiveness instead of hatred and violence on the way to the cross and overcome the minds of many people today, Lord, please help all of us to choose love and forgiveness in the midst of this political turmoil in Myanmar. May the true freedom in Myanmar rise again through the power of love and forgiveness that we find in your salvation through Jesus Christ on the cross.

I pray for freedom of political prisoners. Many political leaders, government workers, and civilians have been arrested just for suppressing their voice for the people. Lord, I pray that you may grant them good health, peace, wisdom, and their immediate freedom from prisons and restrictions.
