REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Board of General Ministries American Baptist Churches in the USA Valley Forge, Pennsylvania

Opinion

We have audited the accompanying financial statements of American Baptist Churches in the U.S.A. (ABCUSA), which comprise the statements of financial position as of December 31, 2021 and 2020, and the related statements of activities and changes in net assets, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of ABCUSA as of December 31, 2021 and 2020, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of ABCUSA and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about ABCUSA's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the ABCUSA's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ABCUSA's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 And 2020

(1) BACKGROUND

The American Baptist Churches in the U.S.A. ("ABCUSA"), as a manifestation of the church universal, bears witness to God's intention to bring redemption and wholeness to all creation. American Baptist believe that God's intention can be sought and followed in local congregations and other gatherings of Christians and in associational, regional, national and world bodies as they receive from one another mutual counsel and correction. Since Jesus Christ is the head of the church, each body of Christians, seeking to order its life in accordance with the Scriptures under the guidance of the Holy Spirit, has a proper responsibility under God for maintaining its life of worship, witness, and ministry.

The Internal Revenue Service **("IRS")** has determined ABCUSA to be an "association of churches" and, therefore, exempt from federal income taxes under section 501(c)(3) of the Internal Revenue Code. The IRS has further determined that contributions made to the ABCUSA are deductible by the donors to the extent allowed by law. Management has reviewed their tax positions and has concluded that there are no significant uncertain tax positions that would require recognition in the financial statements.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements of ABCUSA have been prepared using the accrual basis of accounting.

NET ASSETS

For accounting and reporting purposes, ABCUSA classifies its resources into two net asset categories according to externally (donor) imposed restrictions. A description of the two net asset categories follows:

Net Assets without donor restrictions – include the revenues and expenses associated with the principal mission of ABCUSA and are segregated as follows:

Board Undesignated: These may be used by management for any purpose without restriction.

Board Designated: Includes reserves such as the Functioning as Endowment, Proceeds from the Sale of the Mission Center, ABCUSA Operating Reserve and other designated balances. Although intended for specific use, these are not binding on ABCUSA.

Net Assets with donor restrictions – include gifts for which restrictions have not been met. Net assets with donor restrictions are limited by donors for a specific purpose or specified period. Also includes gifts and contributions which require, by donor restriction, that the corpus be invested in perpetuity and only the income be made available for program operations in accordance with donor restrictions.

CASH AND CASH EQUIVALENTS

Cash and cash equivalents consist of amounts held in highly liquid securities with maturities of less than three months at the time of purchase and are stated at cost, which approximates fair value.

NOTES TO FINANCIAL STATEMENTS - (Continued)

December 31, 2021 And 2020

ACCOUNTS RECEIVABLE FROM BAPTIST RELATED ORGANIZATIONS

Accounts receivable consist of amounts due from Baptist related organizations and local churches for mission fund support and reimbursable costs, net of allowance for doubtful accounts. Allowance for doubtful accounts is determined by review of the aged accounts receivable listing for balances that are specifically identifiable as a credit risk or uncollectible.

INVESTMENTS

Investments are stated at fair value. Donated securities are recorded at fair value on the date of receipt. Investments primarily consist of funds invested in investment pools that are managed by the American Baptist Foundation ("ABF") (an affiliate), and American Baptist Home Missions Societies ("ABHMS") (an affiliate).

Investment income is recorded on the accrual basis of accounting and investment transactions are recorded on trade date. Investment income including realized and unrealized gains and losses on investments are recognized as income in the Statement of Activity.

INVESTMENT IN PARTNERSHIP AND COMPANY

In 2008, ABCUSA entered into a limited partnership agreement with the American Baptist Foreign Missions Society ("ABFMS"), American Baptist Home Mission Society ("ABHMS"), and the Ministers and Missionaries Benefits Board ("MMBB") to form 588 Associates, LP (the "Partnership"), a Pennsylvania limited partnership, for the purpose of the acquisition of the Mission Center (the "Sale"), and 588 Associates, LLC (the "Company"), a Pennsylvania limited liability company, for the purpose of managing the activities and serving as the General Partner of the Partnership.

The Partnership agreed to dissolve effective September 30, 2016 in accordance with the Tenants in Common Agreement signed by ABCUSA, ABHMS, ABFMS and MMBB. Per the agreement, the land, building and equipment and the interest in all lease agreements were distributed to the partners based on their respective share in the partnership. The Company had provided the management of the property with the related leases distributed under the Tenants in Common Agreement. The property was sold in March 2020 (see note 4).

ABCUSA's share of the Company's loss for 2020 was \$(4,821) which was recorded as "net change in value of investment in limited liability company" in the statement of activities.

PROPERTY, LAND, EQUIPMENT AND DEPRECIATION

Property, land, and equipment are recorded at cost. Depreciation is provided on a straight-line basis and is charged to expense over the estimated useful lives of the assets. Gains and losses on the disposition of assets are recognized in the Statement of Activity in the period of disposition. Repair and maintenance costs are expensed when incurred, while improvements that extend the life of the assets are capitalized.

ABCUSA reviews its assets for impairment whenever events or changes in circumstances indicate that the carrying value of the asset may not be recoverable.

FUNDS OF OTHERS-MISSION SUPPORT

Mission Support consists of funds administered by ABCUSA but intended for affiliated organizations in accordance with the approved budget covenant. These payments are recorded as a liability, funds of others-Mission Support, when received.

FUNDS HELD FOR OTHERS

ABCUSA collects and distributes other (non-Mission Support) funds for the benefit of others. ABCUSA holds these funds in a fiduciary capacity and its sole responsibility regarding these funds is in the capacity of acting as an agent. These funds represent contributions for other institutions and are recorded as a liability, funds held for others, when received.

DEFERRED LEASE REVENUE

Deferred lease revenue represents rental income received for a land lease and is amortized using the straight-line method over the term of the leases.

CONTRIBUTIONS

ABCUSA reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends, or purpose restriction is accomplished, net assets with donor-imposed restrictions are reclassified to net assets without donor-imposed restrictions and reported in the statement of activities as net assets released from restrictions. If the donor stipulations are met in the same reporting period, the contributions are reported as support without donor-imposed restrictions. ABCUSA recognizes contributions when cash, securities or other assets; or an unconditional promise to give; is received. Conditional promises to give – that is, with a measurable performance or other barrier and a right of return - are not recognized until the conditions on which they depend have been met.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities as of December 31, 2021 and 2020, and the reported amounts of revenues and expenses for the years then ended. Actual results may differ from those estimates.

FUNCTIONAL ALLOCATION OF EXPENSES

The costs of providing the various programs and other activities have been summarized on a functional basis in footnote 12. Accordingly, certain costs have been allocated among programs and supporting services.

RECLASSIFICATIONS

Certain reclassifications were made to the 2020 financial statements to conform to the 2021 presentation.

(3) INVESTMENTS

ABCUSA carries its investments at fair value. ABCUSA utilizes various methods to measure the fair value of most of its investments on a recurring basis. Generally accepted accounting principles establish a hierarchy that prioritizes inputs to valuation methods. The three levels of inputs are described below:

- Level 1 Unadjusted quoted prices in active markets at the measurement date for identical assets and/or liabilities. An active market is one in which transactions for assets or liabilities occur with sufficient frequency and volume to provide pricing information on an ongoing basis. This category includes contracts traded on active exchange markets valued using unadjusted prices quoted directly from the exchange.
- Level 2 Observable inputs other than quoted prices included in level 1 that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument on an inactive market, prices for similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates and similar data.
- Level 3 Assets or liabilities whose fair value is estimated based on internally developed models or methodologies using inputs that are generally less readily observable and supported by little, if any, market activity at the measurement date. Unobservable inputs are developed based on the best available information and subject to cost benefit constraints.

The inputs methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. For example, amortized cost approximates the current fair value of a security, but since the value is not obtained from a quoted price in an active market, such securities are reflected as Level 2.

The fair values of the investment securities and the associated fair value measurements as of December 31, 2021 and 2020 are as follows:

The Blended Portfolio of the ABF has a target allocation of 60% stock and 40% bonds, however, the target allocation may vary by plus or minus in each category.

The Common Investment Fund of the ABHMS has a long-term optimal allocation target of 66% stocks, 23% bonds and 11% alternatives, however, the allocation may vary by plus or minus in each category.

(4) PROPERTY HELD FOR SALE AND MORTGAGE RECEIVABLE

In 2016, an Investment Partnership consisting of the Headquarters for ABCUSA and other Baptist Organizations, ("the Partnership") in which ABCUSA held a 35% interest was dissolved, and in connection with the dissolution, ABCUSA received its share of the property previously held by the Partnership. ABCUSA's 35% ownership share of the partnership property was \$6,643,762. In 2018, ABCUSA along with the other owners of the former headquarters signed an agreement of sale subject to due diligence. In 2019, ABCUSA relocated its headquarters. The Property held for sale had a net book value of \$6,227,355 as of December 31, 2019. On March 11, 2020, the sale of the property settled. ABCUSA received approximately \$2,474,000 in cash and a 35% interest in an interest free ten-year mortgage. The mortgage holder has elected to exercise an acceleration clause in the agreement and the mortgage was paid off in full on April 30, 2021 at the present value of the future payments at a 5.0% discount rate which totaled approximately \$3,719,000.

(6) COVID-19 AND PAYCHECK PROTECTION PROGRAM

In December 2019, a novel strain of the coronavirus ("COVID-19") was reported in China. The World Health Organization has declared COVID-19 to constitute a "Public Health Emergency of International Concern". This outbreak has affected virtually every industry and has created volatility in the stock markets throughout the world. Many federal and state governments have implemented numerous restrictions, mandated various closures and quarantine requirements in connection with the COVID-19 outbreak. The extent of the impact of COVID-19 on the Organization's operational and financial performance will depend on future developments, including the duration and spread of the outbreak and the impact on the Organization's funders, donors, employees and investments, all of which are uncertain and cannot be predicted.

On April 20, 2020, ABCUSA received a \$744,802 loan under the Small Business Administration's ("SBA") Payment Protection Program (the "PPP Loan"). ABCUSA paid out \$124,843 to related parties to assist with their payroll expenses. ABCUSA had recorded \$619,959 as a Refundable advance on the Statement of Financial Position at December 31, 2020. ABCUSA considered this to be a conditional contribution as it expected to meet the criteria for loan forgiveness upon incurring eligible expenditures and when its application for forgiveness is accepted by the SBA. ABCUSA considered the incurrence of eligible expenses and the acceptance of its application for forgiveness to be barriers in the PPP Loan agreement and as such, recognized contribution income when these conditions are substantially met. If such conditions are not met, ABCUSA was required to repay the PPP Loan in two years from the date of the agreement at a 1% annual interest rate. The loan was forgiven on June 16, 2021, and the amount of \$619,959 has been included in the Statement of Activities and Changes in Net Assets as PPP SBA grant revenue in the year ending December 31, 2021. In addition, the \$124,843 paid out to related parties was also forgiven.

NOTES TO FINANCIAL STATEMENTS - (Continued)

December 31, 2021 And 2020

On February 19, 2021, ABCUSA received a \$744,802 loan under the Small Business Administration's ("SBA") second round of the federal Payment Protection Program (the "PPP Loan II"). ABCUSA has recorded \$744,802 as a Refundable advance on the Statement of Financial Position at December 31, 2021. ABCUSA considers this to be a conditional contribution as it expects to meet the criteria for loan forgiveness upon incurring eligible expenditures and when its application for forgiveness is accepted by the SBA. ABCUSA considers the incurrence of eligible expenses and the acceptance of its application for forgiveness to be barriers in the PPP Loan II agreement and as such, will recognize contribution income when these conditions are substantially met. If such conditions are not met, ABCUSA is required to repay the PPP Loan II in five years from the date of the agreement at a 1% annual interest rate. The loan was forgiven on February 22, 2022.

(7) NOTES RECEIVABLE

ABCUSA and other affiliates entered into a loan agreement with American Baptist Historical Society *("ABHS")*, an affiliate, to assist in the relocation of ABHS to another geographical location. The loan agreement with ABCUSA, ABFMS, ABHMS, and MMBB (collectively, the "lessors") totaled \$464,970. ABCUSA contributed 15% of the principal totaling \$69,750.

Commencing October 1, 2009 and thereafter interest accrues at 5%. As of December 31, 2021 and 2020, ABCUSA's share of the principal balance due was \$1,414 and \$5,904, respectively. The balance of this note is due in 2022.

(8) LEASE OF AMERICAN BAPTIST FREEDOM CENTER

In July 1984, ABCUSA entered into an agreement to lease 24 acres of the building property to a third party. The initial lease term is for 50 years with renewal options for an additional 49 years at the lessee's discretion. In 1990, the lease was amended to provide the lessee with additional development considerations on the property. The lease has been classified as an operating lease.

Rent received for the initial lease term approximated \$4,690,000. This amount was deferred and is amortized using the straight-line method over 50 years. Amortization of deferred lease revenue for each of the years ended December 31, 2021 and 2020 was \$96,476. Deferred lease revenue was \$1,205,795 and \$1,302,271 at December 31, 2021 and 2020, respectively.

Costs incurred in negotiating and consummating the lease transactions described above totaled \$624,496. These costs were deferred and are amortized using the straight-line method over various periods of up to 50 years. Amortization on these deferred lease acquisition costs for each of the years ended December 31, 2021 and 2020 was \$16,908. Accumulated amortization was \$598,079 and \$581,171 as of December 31, 2021 and 2020, respectively. These lease acquisition costs were \$26,417 and \$43,325 at December 31, 2021 and 2020, respectively.

In connection with the 2009 sale of the Mission Center Property to ABFMS, ABHMS and MMBB, ABCUSA agreed to share the proceeds, if any, from this leasehold when it matures in 2035 in the following proportions: ABFMS – 3.33%, ABHMS – 23.34%, and MMBB – 16.66%. ABCUSA retains 56.67%.

(9) RETIREMENT PLAN

Substantially all of ABCUSA full-time employees are covered by the American Baptist Churches Retirement Plan (the *"Plan"*), a multi-employer defined contribution plan in accordance with Section 403(b) of the Internal Revenue Code. ABCUSA contributes 13 percent of each participant's annual compensation. Plan expenses for the years ended December 31, 2021 and 2020 were \$265,215 and \$256,009, respectively.

Exempt employees are eligible to participate in the Plan immediately upon enrollment. Non-exempt employees are eligible to participate in the Plan upon completion of three years of service. Upon completion of ten years of service for non-exempt employees, a lump sum contribution will be made that is equivalent to contributions that would have been made during the participant's first three years of services. All participants are fully vested in the Plan upon enrollment.

December 31, 2021 And 2020

RETURN OBJECTIVES AND RISK PARAMETERS

ABCUSA's endowment funds are invested in various investments, primarily with ABF and ABHMS *(See Note 3)*. According to policy approved by the Board, funds are invested in a manner to preserve the real purchasing power of the assets after all withdrawals and fees by earning a total rate of return over full market cycles of 3 to 5 years which will support the spending policy stated below. Additionally, the total rate of return (net of fees) is expected to equal or exceed a passive investment in commonly quoted market indices (benchmarks) based on a long-term optimal asset allocation.

To satisfy its long-term rate-of-return objectives, ABCUSA relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). ABCUSA targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

SPENDING POLICY

ABCUSA sets the draw from the endowment funds by approval of the BGM Finance Committee annually. The percentage draw for operations and disbursements to related partners ranged from 4% to 5% for all restricted and funds functioning as endowment. Effective January 1, 2004, ABCUSA was assigned American Baptist Women in Ministry *("ABWIM")* as a department within the Office of the General Secretary by the General Board, and thus, investments held in an endowment fund were transferred to ABCUSA to support the operations of the new department. ABWIM's percentage draw was 5% for 2021 and 2020. The maximum percentage allowable under terms of ABCUSA's Covenant Agreement with the Ministers & Missionaries Benefit Board *("MMBB")* is 8%.

FUNDS WITH DEFICIENCIES

From time to time, the fair value of assets associated with individual donor restricted endowment funds may fall below the level that the donor or state standards require ABCUSA to retain as a fund of perpetual duration. Deficiencies of this nature are reported in net assets with donor restrictions. At December 31, 2021 and 2020, funds with an original gift value of \$2,323,285 and \$2,323,285 were "underwater" by \$83,531 and \$197,502, respectively. These deficiencies resulted from unfavorable market fluctuations that occurred shortly after the investment of new contributions for donor-restricted endowment funds. ABCUSA has a policy that permits spending from underwater endowment funds.

INTERPRETATION OF RELEVANT LAW

The Board of ABCUSA has interpreted the applicable state standards and guidelines for the prudent management of an endowment fund as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, ABCUSA classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund (i.e. the accumulated realized and unrealized gains/losses) that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the organization.

(12) FUNCTIONAL CLASSIFICATION OF EXPENSES

ABCUSA is required to present expenses on a functional basis if natural classifications are presented in the Statement of Activities. (13) CREDIT RISK AND OTHER CONCENTRATIONS

ABCUSA is required by Accounting Standards Codification *("ASC")* 825, *"Financial Instruments"* to disclose significant concentrations of credit risk regardless of the degree of such risk. As of December 31, 2021 and 2020, ABCUSA maintained bank deposits that exceeded the limit of insurability under the Federal Deposit Insurance Corporation. This risk is managed by ABCUSA in continuing to monitor the financial institutions in which it maintains relationships.

(14) CONTINGENCIES

ABCUSA is involved in litigation from time to time arising in the ordinary course of business. In the opinion of management, all such matters are adequately covered by insurance or, if not covered, are without merit or are of such kind, or involve such amounts, as would not have a significant effect on the financial position and results of activities and cash flows of ABCUSA, if disposed of unfavorably.

(15) FINANCIAL ASSETS AND LIQUIDITY RESOURCES

The following table reflects ABCUSA's financial assets as of December 31, 2021 and 2020, reduced by amounts that are not available to meet general expenditures within one year of the statement of financial position date because of contractual restrictions.

ABCUSA strives to maintain liquid financial assets to be available as its general expenditures, liabilities and other obligations become due. Financial assets in excess of daily cash requirements are invested in money market funds and certificates of deposit. As part of ABCUSA's liquidity management, it has a practice to structure its financial assets to be available as its general expenditures, liabilities and other obligations come due. ABCUSA has donor-restricted endowment and investments used similar to quasi-endowment. Although ABUSA does not intend to spend from its quasi-endowment of approximately \$27.5 million, with the exception of budgeted draws, amounts from its quasi-endowment could be made available, if necessary, with Board approval.
